EFFORT TO BOOST STOCKS IS ONLY PARTLY EFFECTIVE.

RETURN OF LEADER HELPS SPECULATION IN SPOTS.

Otherwise, Apprehension Over the Condition of Money Market Acts as a Damper.

New York, Aug. 25.-To-day's stock market reflected a very determined demonstration for an advance, but effective operations were confined to a very limited number of stocks. The speculation was clearly under the same auspices as that which originated in Southern Pacific last week, and which was predicted upon the return to the street of a well-known speculative leader. The boldness and the dash of to-day's operations were indicative of the personal direction of this leader. The early advance in Bouthern Pacific was taken advantage the effect being very heavy profit-taking. which completely wiped out the opening gains. Instead of resuming the campaign immediately in that stock it was shifted to its affiliated stock, Union Pacific and to Baltimore and Ohio in the East. The sympathetic response of these movements was ly related. In the case of Baltimore and Ohio these were Pennsylvania and Chesa-peake and Ohio, Southern Pacific made some recovery in sympathy with Union Pa-cific.

Gains Among the Grangers.

There were gains here and there amongst the grangers, but on very light transac-tions. Northwestern's 2% point rise in response to the favorance and made on a single transaction.

Minneapolis, St. Paul and Sault Ste. Marie Minneapolis, St. Paul and Sault Ste. Marie and Sault Ste. ase to the favorable annual report was Minneapolis, St. Paul and Sault Ste. Marie advanced violently 5%, without explanation and Evansville and Terre Haute 3%-point rise was unexpected. In the railroad list other gains were few and amongst obscure stocks. The express stocks again made a notable advance in concert with no news to throw light on the movement. Amongst the specialties, Western Union, Manhattan and T. & I. were the most conspicuous. It was a notable feature that a large mass of securities of very prominent railroad companies lay specially dormant throughout the session. This disinclination to follow the bold leadership preferred by the active stocks was due to the uncertainty of the money situation.

Money Situation Is Uncertain.

bold leadership preferred by the active stocks was due to the uncertainty of the money situation.

Money Situation Is Uncertain.

On Saturday afternoon after the stock exchange, the Subtreasury was called upon to transfer \$520,000, which was deposited for the purpose, to interior points. To-day \$400,000 additional was deposited for this purpose. Of this amount \$50,000 goes to Chicago and the rest to New Orleans. New York exchange at Chicago remained at a discount to-day of 30c.

This is pretty conclusive evidence that the interior demand for currency has set in in force. Had it not been for the aggressive leadership in the few strong stocks to-day it is to be presumed that the stock market would have reflected some apprehension because of this rapid depletion. Last week's moderate replenishment of the surplus was wholly due to a reaction of deposit through loan contraction. To-day's foreign exchange market was ensier in spite of higher discount rates in London, lower sterling at Paris and considerable rates of stocks for London account here. The grain market showed large seal-pard clearances, and there was considerable supply of spot cotton bills in the exchange market. The rate for call money was undisturbed, offered at a sear cant and yielding below that rate.

The conspicuously strong stocks closed active and at the best market closed generally steady.

The bonds were not very active outside of U. P. convertible, but was strong. United States bonds all advanced 4 per cent on

Wall Street Gossip. Wall Street Gossip.

Reported by Commercial Advert'ser through Francis, Bro. & Co., No. 214 North Fourth street; Union Pacific—The early feature of the market was Union Pacific. There was considerable talk of a mysterious "deal" and the advance in Southern Pacific, the control of which is owned by the Union Pacific, was declared to have stimulated the latter. At the same time the advance was due to the loud bidding up by Jacob Field, who kept bidding a quarter above the market for huse blocks of stock and not getting much. Other buyers were Harris. Gates & Co., 3,000 shares, and Harriman & Co., 10,000 shares.

Miscellaneous-This awas the twents second day this year in which transactions in socks assigned 1,000,000 shares. Congress Will Consider Proposal for Reducing Insurance Rates.

Denver, Colo., Aug. 35.-The opening of the annual convention of the National Fraternal Congress, embracing fifty-six societies and 4,600,000 members, scheduled societies and 4,009,000 members, scheduled for to-day, was postponed until to-morrow as the national officers and more than half the delegates did not arrive until late in the day.

One of the principal questions, which is to be considered by the convention is the proposed reduction of the insurance rates. The congress some time ago established a schedule making the minimum rate \$3 cents. The Modern-Woodmen of America officers will make an attempt to have this figure still further reduced.
